

Anti-Hazing Policy

In accordance with Massachusetts General Laws, Chapter 536 of the Acts of 1985, Star Academy (School) hereby deems that no student, employee or school organization under the control of the School shall engage in the activity of hazing a student while on or off school property, or at a school sponsored event regardless of the location. No organization that uses the facilities or grounds under the control of the School shall engage in the activity of hazing any person while on school property.

Any student who observes what appears to them to be the activity of hazing another student or person should report such information to the Directors including the time, date, location, names of identifiable participants and the types of behavior exhibited. Students and employees of the School are obligated by law to report incidents of hazing to the police department.

Any student who is present at a hazing has the obligation to report such an incident. Failure to do so may result in disciplinary action by the School.

Any student who participates in the hazing of another student or other person will be subject to disciplinary action by the school.

Any student determined by Directors to be the organizer of a hazing activity may be recommended for further disciplinary action, but will receive no less disciplinary action than that of a participant.

In all cases relating to hazing, students will receive procedural due process.
